FAREWELL GIFT

In the beginning, we just wanted to kill each other...

But slowly, without
realizing it,

I don't
regret
having used
my wish
for some-
one else

All that naive talk about
being a hero of justice,

Just looking at her
pissed me off.

All I wanted to do was beat
the crap out of her.

Won't
lose!

I can no longer abandon her.

It's
lonely being
alone.

What are you
doing?

Why are
you even
here?

How
long do
you plan to
stay like
this?

エ
ン

Eh...

W...
Why?

I just want
to stay by
your side,
Sayaka.

Are
you an
idiot?

...You
would die
for some-
one like
me.

Does it
matter?

Do
what
you
want!

I did
what I
felt like
doing

I'll
always
be with
you

So once
you're
done
crying,
get up.

Come
on

... 3 2 1 ...

Here,
have a
snack

I don't
want it!

Thank
you

Kyouko

Sayaka, I should be thanking you instead.

Let's go

You are
a good
person

and have
wonderful
memories
together.

Even as
a magical
girl you
can make
new
friends

The
way
you are

I want
you to
live!

So,
Kyouko

Kyouko,
you are
always
worrying
about me

What
are you
saying,
idiot?

I'm happy
that you
called out
my name

Ha?

Until the
end
'Even
now.'

You
always
came to
my aid
when I
was in
trouble

Thank
you

So I want
you to
live! You
deserve it.

Kyouko, you
saved me.

It'll be
harder
for me

SAYAKA!

S O R R Y ! K Y O U K O . . .

So
Kyoko

Live!

This is my
request as
a friend!

She's gone... she followed the Law of the Cycles and passed on.

Before the hope we wished for brings about an equal amount of misfortune.

Hey, what happened to Sayaka?

We have no choice but to vanish from this world.

You were told that, right?

Sayaka?

I can't.

Just
when
we'd
finally
become
friends.

...Dumny!

Once again, I'm left by myself.

Damn, saying something
so cruel

So,
Kyouka,
live!

My
request as
a friend...

....I get it,
Sayaka.
Since you
asked.

I'll definitely
live on.

Once you're done crying, get up.

Well

I am a little upset about the way things turned out, but I can't be mad at Hitomi.

Once you're done crying, get up, eh?

She's almost too good for him.

So she'll make him happy, won't she?

The only way I could save you would be to make it like none of this had happened.

But I got the feeling that you didn't really want it to turn out like that.

Kyouzuke's performance...

So,
Madoka
is a god
now--
Wow!

It's
nothing
really.

I'm
sorry it
turned
out like
this.

IF I
could
change
anything.

Hehe
Move on
together
or
something
Sorry.

It's
Kyouko.
If only
we
could.

Yet she
dies for
me...

Maybe
after that.
She could
get away
from that
lifestyle

Maybe
you
know
by now

She
blames
every-
thing on
herself

About
her
family.

That isn't
right.

Surviving
on her own.

But once
you get to
know her,
she's actual-
ly a good
person

She's
rude,
bad-
mouthed,
and very
nosy

Kind, too

You
want
some?

Let her
experience
life like a
regular
girl

So I
wish
for her
to live

Make
friends,
fall in
love,
etc?

She has
suffered
so much
already

Oh, but
romance might
be a bit too
much, (cough)

**I want
her to be
happy.**

So this is
enough,
Madoka

フッ

Sayaka

Of course,
Mami-san
and the
transfer
student too

I will
watch her
carefully

Em!

Of course!

Oh, yeah

Em

Then,
let's go?

ほっふっ

You're
going to
be my
wife!

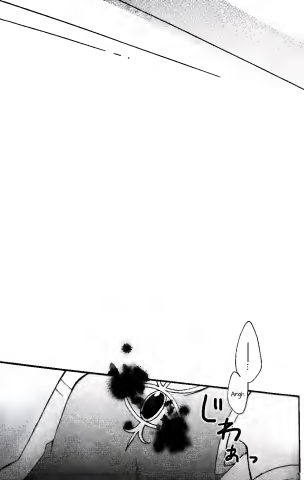

Even as
a god

Eh?

I love
you the
most

Eon
Me
too

Thank
you,
Madoka

Thank you for your hard work, Kyouko

How did I
forget
someone so
important...

Ehmm...

Long
time no
see

Usaka

It's
really
you?
Isn't it?

You're
Masakata!

It can't
be
helped

Sorry

Don't
worry

Hey!
Are you

Idiot!
Sayaka is
very foolish!

Another

Happy
to see
me~

Not at
all

Another

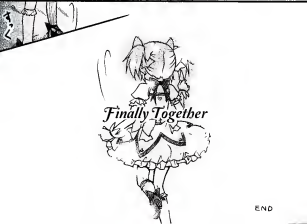

Haha

Together!

Let's go

Afterwards

Thank you everyone for reading until the end. This was in memory of Kyouko and Sayaka. The middle part, where Sayaka goes to pick up Kyouko, came from watching the ending in April. My heart was a mess, so I wanted to give them a happy ending, no matter what. I drew it and put it on pixiv.. And received a lot of interest. That's why I rushed to put a doujin together. This was the result. Thank goodness!

There might be some inconsistencies, so please ignore them. Some lines might be too complex (Kyouko's performance and etc are based on the original). Speaking of which, Page 30.. was based on the manga (Vol.3) designs. That's definitely what happened! (I hope so) Manga KyouSayaka forever! Imagination forever!

Regardless of when and where, Sayaka and Kyouko will have their happy ending! It's true if you believe it!

While drawing, I had the KyouSayaka image song on a constant loop. It makes me want to cry. I love KyouSayaka the most!!!

There are some changes for the color pages and in the dialogues compared to the Pixiv version. Feel free to search for them!
